Product Description

BYD 2023 Song PLUS Champion Edition EV 605KM Flagship PLUS Long Range Cheap New Energy

Introduction of Biandi SongPLUS Champion Edition EV 605KM flagship PLUS in 2023

1. Brief Introduction:

The Biandi SongPLUS is Biandi's latest launched compact new energy SUV model. The 2023 Champion Edition adds the highest endurance version of 605 kilometers. The champion edition adopts Biandi's core technology with more powerful motor assembly and upgraded larger battery capacity battery pack, extending the endurance distance to meet more user needs.

2. Performance and Parameters:

The motor assembly adopts Biandi's latest Hg series permanent magnet synchronous motor, with a maximum power of 120 kW and a peak torque of 305 N·m. The 80KWh lithium battery pack has a larger capacity, with an NEDC cyclic test endurance of 605 kilometers. It accelerates from 0-100 km/h in 7.5 seconds, with constant electric simulation of the multi-gear speed change performance of internal combustion engines.

3. Other configurations:

It is equipped with a 12.3-inch rotatable cockpit screen supporting 5G network connection, Diagonal artificial intelligence system. Parking sensing reports parking spaces and active collision avoidance deceleration. It supports ADAS 2.5 level automatic driving assistance functions, with significantly upgraded active safety protection performance.

In summary, the 2023 Biandi SongPLUS Champion Edition EV 605KM flagship PLUS continues the technical advantages of the SongPLUS model series in endurance distance and intelligent driving experience. It will become the longest endurance version of this model series, providing more users with super long endurance intelligent mobile travel options, and gaining wide recognition.
