Product Description

Xiaokang Dfsk Ec36 2021. Standard Catl battery electric truck, range and 300KM, leaf spring front 4+rear 2

Dongfeng Xiaokang EC36 is a 7-seater pure electric vehicle with a 2+2+3 layout. It is mainly used for logistics and short-distance ferry use. It focuses on pragmatism, so the appearance style does not have too many fancy designs. It is square and square. The overall shape creates possibilities for large space in the car. The length, width and height of the vehicle are 4500/1680/2000mm respectively, and the wheelbase is 3050mm. The rear door adopts a manual side sliding door design common in logistics vehicles, which is convenient for daily riding/carrying goods.

In terms of power, Dongfeng Xiaokang EC36 has a maximum power of 82 horsepower (60kW) and a peak torque of 200 N·m. The battery pack capacity of the new car is 41.86kWh, with a comprehensive operating range of 300 kilometers. It can be fully charged in 2.5 hours in fast charging mode, and takes 7-8 hours to fully charge in slow mode (6.6kW charger).

Other attributes
