Product Description

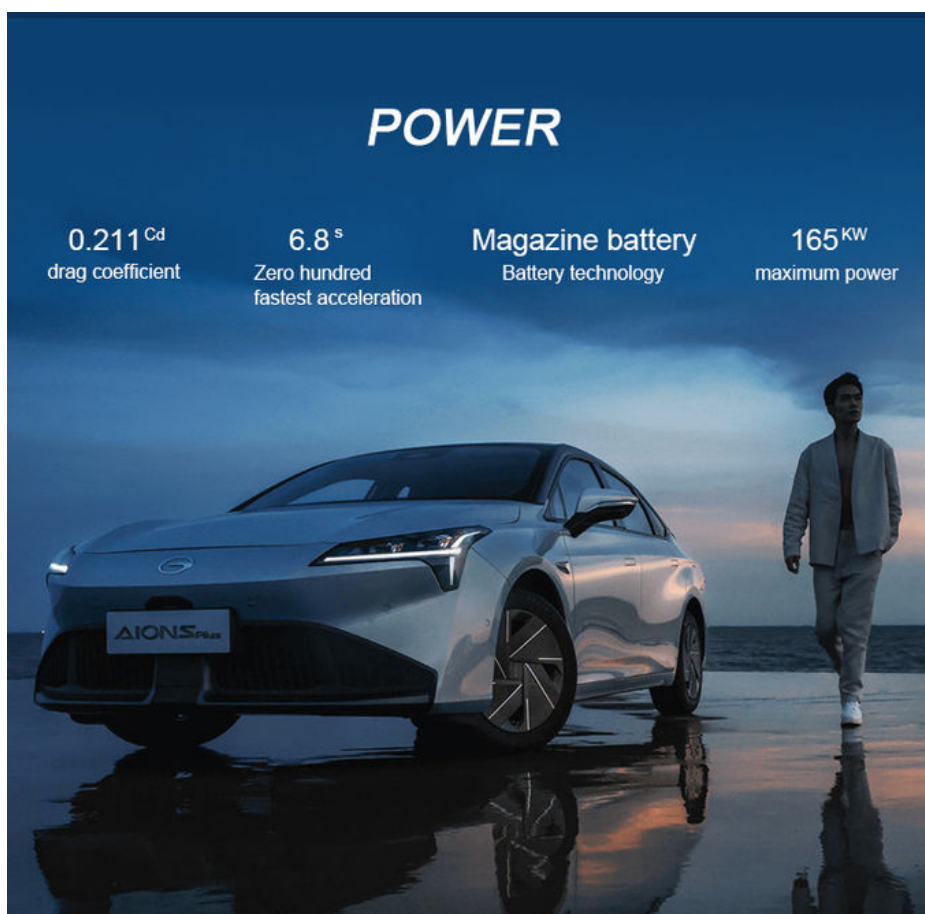

Aion S Plus, electric car, 510-610KM range, complete configuration, cheap price. Suitable for online car hailing

This is the Aion S Plus, the new flagship electric sedan of China's Aion electric vehicle brand. Aion was established in 2017. The brand is owned by GAC Aion New Energy Automobile, itself a subsidiary of GAC Group.

The Aion S Plus is a very slippery vehicle, with a drag coefficient of only 0.211Cd. It is pretty too, with a very clean design, almost without any unnecessary lines. The badging is modest, with a small Aion script in the middle and a GAC Aion badge on the left .

The Aion S Plus is powered by a single electric motor with 204 hp and 350 Nm, making it the most powerful Aion so far For comparison, the base Aion S has only 184 hp and 300 Nm. The motor is mated to a 62 kWh battery, good for a range if 510 kilometers NEDC. Size: 4810/1880/1515, 2750.

The Aion S Plus is equipped with the ADiGO 3.0 automatic driving assistance system, which features remote parking and a summon function. The S Plus is permanently connected to the internet via a 5G connection.
