Product Description

Aion Y Plus, a pure electric SUV, has a range of 510-610KM. Large space, China's best-selling SUV!!!

Based on the brand's AEP 2.0 pure electric platform, Aion Y Plus measures 4535/1870/1650mm, and the wheelbase is 2750mm. It is equipped with a permanent magnet synchronous motor that outputs 150 kW and 225 Nm. The model powered by a 63.98 kWh lithium iron phosphate battery pack provided by GAC provides a pure electric cruising range of 510 km. The other model which is equipped with a 69.98 kWh ternary lithium battery pack provides a pure electric cruising range of 610 km.

It is worth mentioning that the interior space allows for the display of a 5 screen after the front and rear seats are folded down, allowing for entertainment activities such as karaoke, movies, and video games.

In August 2023, 26,713 units of Aion Y Plus were sold in China, surpassing BYD Yuan Plus (24,272 units) and only second to the Tesla Model Y (51,117 units) as one of the best-selling pure electric SUVs in China.
