Product Description

Voyah Chasing PHEV sedan, electric four-wheel drive, 1.5T engine, with a comprehensive cruising range of 1227KM.

The Voyah Passion (domestic name is Zhuiguang) gets a plug-in hybrid version in China. This high-end sedan is capable of driving up to 101 km on a single battery charge. As for the mixed range, it is over 1,000 km. The Chinese regulator unveiled the specs of the Voyah Passion during the homologation process. Let's get to know it better.

Previously, we have covered the official announcement of the Voyah Passion PHEV. It got the new front end design with a huge grille and a sporty front bumper. On the other hand, its size stayed untouched. So, it is a quite big sedan with dimensions of 5088/1970/1505 mm and a wheelbase of 3000 mm. As for the curb weight, it is 2160 kg. As for the gross weight, it reaches 2537 kilos. The Passion can be equipped with 245/50 R19 or 245/45 R20 wheels. Moreover, it has approach and departure angles of 14/16 or 13/15 degrees, depending on the wheel size.

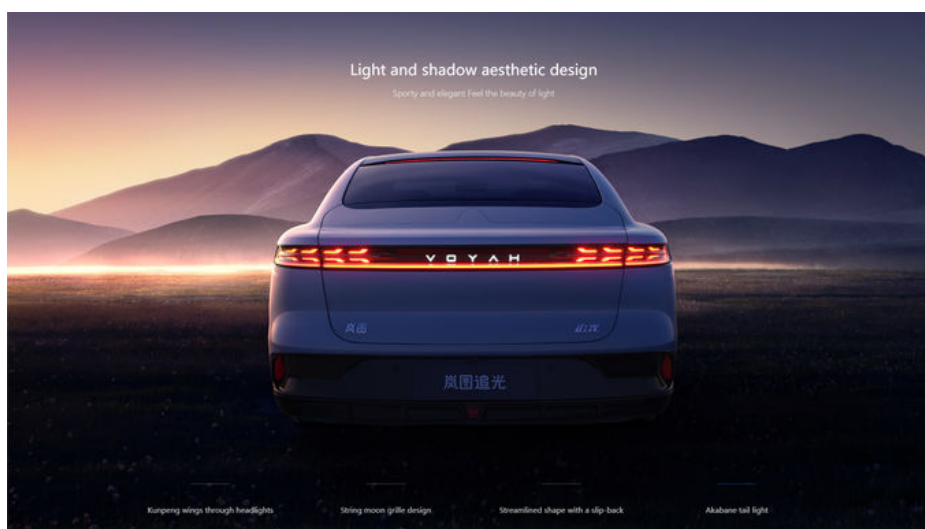

The powertrain of the Voyah Passion PHEV is represented by the DFMC15TE2 1.5-liter turbocharged ICE with a power output of 136 hp. It works in pair with two electric motors. The e-motor on the front axle generates the peak power of 177 hp. As for the one on the rear axle, its power output reaches 218 horses. The total power output of the Passion PHEV has yet to be revealed. However, we know some details on the Passion PHEV's battery pack. This sedan has a 25.6-kWh ternary (NMC) battery pack on board. Thanks to it, the Passion PHEV can run up to 101 km on a single battery charge. As for the mixed range, it is about of 1,000 km.

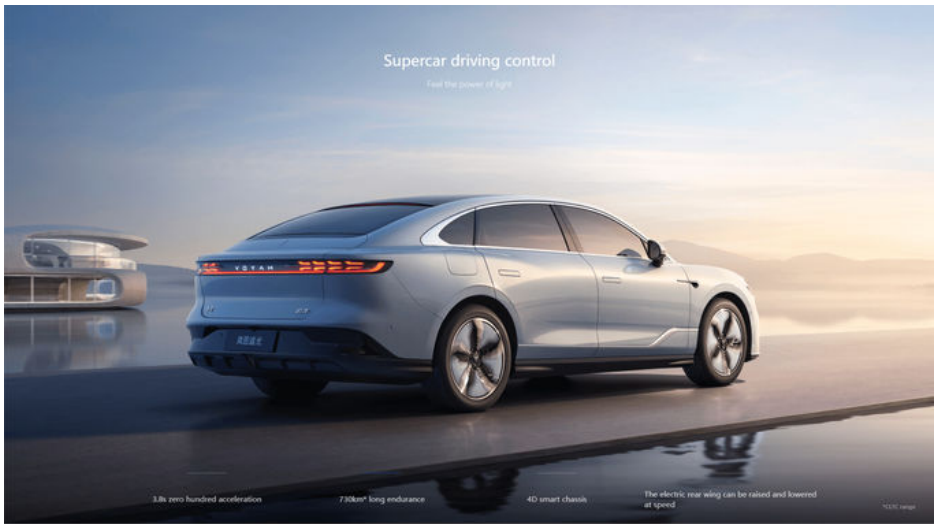

Inside, the Passion PHEV got 5 seats. According to Voyah, the Passion's rear seats will get leg rests and will support electronic adjustments, heating, ventilation, and massage functions.

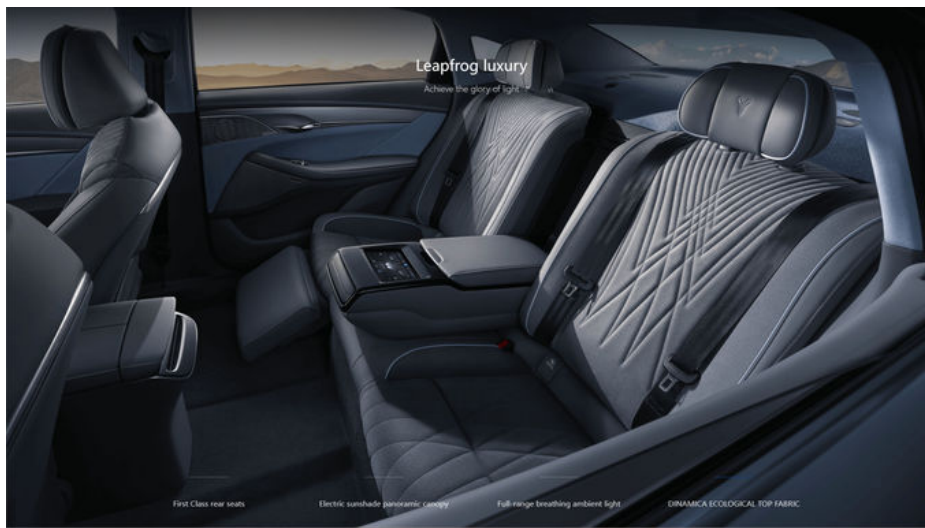

Specification

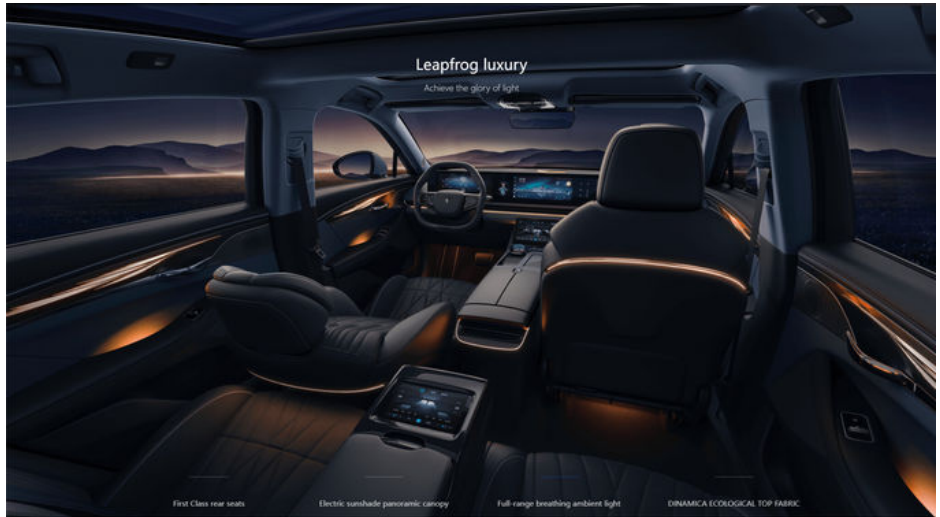

Voyah Free	2023 4WD Super Long Battery Life Extended Range Edition	2021 4WD Standard Extended Range Exclusive Luxury Package
L×W×H(mm)	4905*1950*1645	
Wheelbase (mm)	2960	
Maximum speed (km/h)	200	
0-100 km/h Acceleration Time	4.8s	4.5s
Battery Capacity (kWh)	39	33
Battery Type	Ternary lithium battery
