

Hyper HT China Luxury Pure Electric SUV Battery Life 550km-770km Rear Gull Wing Doors

Our Product Introduction

for more products please visit us on chinese-evcars.com

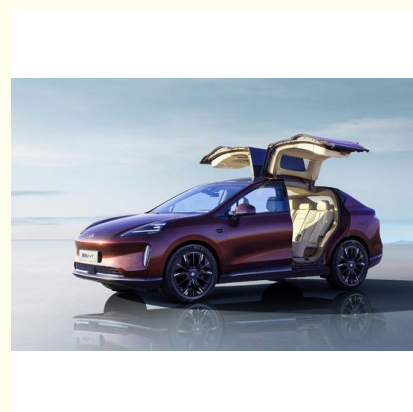

Basic Information

- Place of Origin: China
- Brand Name: Green Energy Box
- Model Number: Hyper HT

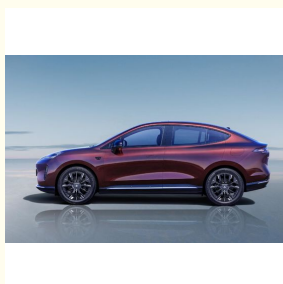

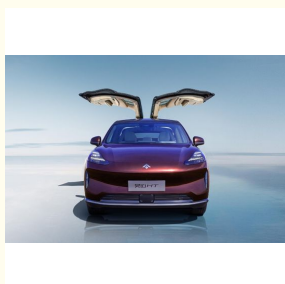

Product Specification

- Manufacturer: AION
- Level: Medium And Large SUV
- Energy Type: Pure Electric
- CLTC/NEDC Pure Electric Cruising Range: 550km-770km
- Body Structure: 5-door, 5-seater SUV
- Fast Charging Time (hours): 0.5
- Highlight: **550km Battery Life Electric SUV ,
Hyper HT Pure Electric SUV ,
770km Pure Electric SUV**

Product Description

The main Hyper HT's feature, rear gull-wing doors, is available only in two trim levels. Inside, the Hyper HT has an oval-shaped three-spoke steering wheel. Behind the wheel, we can see a gear shifter and a thin LCD instrument panel. The center console of the Hyper HT has a 14.6-inch floating screen powered by GAC's ADiGO 5.0 operating system. Its center tunnel has two 50-W wireless charging pads and a hidden compartment. Another feature of the Hyper HT is 22 Dolby Atmos speakers, available as standard.

The Hyper HT comes with RWD only. And still, it has four powertrain options:
RWD, 245 hp, 355 Nm, 0-100 km/h in 6.8 seconds, 70-kWh LFP battery, 550 km CLTC
RWD, 245 hp, 355 Nm, 0-100 km/h in 6.8 seconds, 72.7-kWh LFP battery, 600 km CLTC
RWD, 340 hp, 430 Nm, 0-100 km/h in 5.8 seconds, 80-kWh NMC battery, 670 km CLTC
RWD, 340 hp, 430 Nm, 0-100 km/h in 6.2 seconds, 93-kWh NMC battery, 770 km CLTC

It is worth mentioning that the Hyper HT with a 70-kWh battery supports battery swap technology. As for 80-kWh and 93-kWh versions, they support high-voltage fast charging.

As mentioned, the Hyper HT has six trim levels. The entry-level car has a round-view camera, adaptive cruise control, LED headlights, heated and ventilated front seats, and 22 speakers from Dolby Atmos. The top trim level offers gull-wing doors, heated rear seats, a parking system, and electrically powered doors.

THE CHICKEN WINGS

Large on-off space, 2.3 meters open height, no need to bow and bend

LIQUID CURVED BODY

Let each texture full of slight waves of tension

Vehicle Type:	SUV
Steering:	left hand drive
manufacturer	AION
Vehicle class	Medium and large car
Energy type	Pure electric
Battery type	Lithium iron phosphate
Battery cooling system	Liquid cooling
Battery energy (kWh)	72.7
Fast charge time (hours)	0.5
Maximum power (kW)	180
Motor (Ps)	245
CLTC Electric Range (km)	600
Body construction	suv
Length * width * height(mm)	4935*1920*1700
Tyre specification	245/55 R19
Audio brand	None
Number of cameras	11
Ultrasonic radar number	12
Number of millimeter wave radars	5
Driver assistance image	360° panoramic image
Front suspension type	double-wishbone suspension
Rear suspension type	Five-link independent suspension
type of drive	rear-engine rear-drive
Body construction	5door-5seat SUV
Max speed	183
Wheelbase	2935
