Product Description

The body profile presents smooth lines and slightly protruding front and rear fenders, creating a visually wider stance. At the rear, the vehicle has a clean design, accentuated by the integrated taillights and the "Build Your Dream" emblem positioned above them. The car's dimensions measure 4,780mm in length, 1,837 mm in width, and 1,495 mm in height, with a wheelbase of 2,718 mm.

Moving to the interior, the new model comes equipped with standard features such as rear air conditioning vents, one-touch start, power-adjustable and heated exterior mirrors, automatic air

Our Product

conditioning, a 12.8-inch adaptive rotating floating pad, DiLink intelligent connectivity system, and a full-scene digital key.

Regarding the powertrain, the Honor Edition will be equipped with BYD's DM-i plug-in hybrid system, consisting of a 1.5L engine and a permanent magnet synchronous motor. The engine delivers a maximum power output of 81 kW and a torque of 135 Nm. The electric motor offers two power options: 132 kW with a maximum torque of 316 Nm or 145 kW with a maximum torque of 325 Nm, depending on the chosen variant. The vehicle will have LFP battery, providing a pure electric range of 55km or 120km according to NEDC standards.
