Product Description

Baojun Yueya PLUS continues the design of Baojun Yueya, just lengthened its size, length, width and height were 3996*1760*1726 mm, wheelbase 2560 mm. from the data, still belongs to a very small model, but more than two rear doors, the practicality will be greatly improved.

The new car is available in five exterior colours: Cloudy Grey, Cloudy Sea White, Aqua Blue, Aurora Green and Deep Sky Black. In order to make the new car look better, the front and rear bumpers and wheels use a new matte tungsten plating process. It is worth mentioning that the size of the tyres is also in the same class relatively large 205/60R16 specifications, and equipped with dual-piston calipers.

From the previous declaration information can be seen, Baojun Yueya PLUS will be equipped with the same type of motor as the Colorful PLUS, peak power of 75kW. battery is equipped with 41.9kWh lithium iron phosphate battery pack, CLTC working condition range of 401km. as a small car, Baojun Yueya PLUS's overall vehicle mass is only 1,325kg, which is more friendly to the range.
