

New Energy Vehicles BYD Song L Smart Drive Edition New Model Byd Song L DMI

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: BYD
- Model Number: Byd Song L DMI
- Minimum Order Quantity: 1 Set
- Price: Negotiable

Product Specification

- Highlight: New Energy Vehicles BYD Song L ,
Smart Drive Edition BYD Song L ,
New Model Byd Song L DMI

Product Description

New Energy Vehicles BYD Song L Smart Drive Edition New Model Byd Song L DMI

Specifications

Parameter	Specification
Engine	1.5L 101 horsepower L4 engine
Transmission	E-CVT continuously variable transmission
Drive Mode	Front-wheel drive
Battery and Charging	160km model: 54kW fast charging (30%-80% in 17 minutes), slow charge time: 5.5 hours
System Combined Power	218 horsepower
WLTC Fuel Consumption	3.9L/100km in power-deficient mode
NEDC Comprehensive Range	Over 1500km
0-100km/h Acceleration Time	7.7 seconds (75km/112km versions), 7.9 seconds (160km version)
Suspension	Front: MacPherson, Rear: Multi-link 160km model: FSD variable damping shock absorbers
Dimensions	Length: 4780mm, Width: 1898mm, Height: 1670mm, Wheelbase: 2782mm
Fuel Consumption	Comprehensive: 2.8L-3.41L/100km
Curb Weight	2000kg
Top Speed	180km/h
Seating Capacity	5 people
Trunk Volume	459L - 1550L

Features

Intelligent Driving System: Equipped with the DiPilot 100 intelligent driving system, it offers L2+ level driving assistance functions, including ACC adaptive cruise control, lane centering, automatic parking, and high-speed navigation assistance (NOA). The top-of-the-line model also features advanced safety functions such as ELKA emergency lane keeping and RCTB rear cross-traffic braking

Transmission: The transmission type is E-CVT continuously variable transmission

Drive Mode: It adopts front-wheel drive

Battery and Charging: The 160km model supports 54kW fast charging, with a 30%-80% charge taking only 17 minutes, and a slow charge time of about 5.5 hours

Performance: The system's combined power reaches 218 horsepower, and the WLTC fuel consumption in power-deficient mode is as low as 3.9L/100km. The comprehensive driving range exceeds 1500km under NEDC conditions

Suspension: It uses a MacPherson front suspension and a multi-link rear suspension. The 160km model is equipped with FSD variable damping shock absorbers

Dimensions: The vehicle measures 4780mm in length, 1898mm in width, and 1670mm in height, with a wheelbase of 2782mm

Fuel Consumption: The comprehensive fuel consumption per 100km is around 2.8L-3.41L

Weight: The curb weight is 2000kg

Top Speed: The maximum speed is 180km/h

Seating Capacity: It has a seating capacity of 5 people

Trunk Volume: The trunk volume ranges from 459L to 1550L

Scene Modes: It supports various scene modes like camping mode and nap mode. The 160km model has an external power supply with a maximum power of 6kW to meet outdoor electricity needs

Other Configurations: Some models come with a panoramic sunroof, sporty appearance package, electric spoiler, active grille shutter, side step, and frameless doors
